Scholarship Renewal

During the last week of classes in Spring semester you will receive an email with the steps to follow for renewal.

❖ **Successful academic performance (GPA \geq 3.0)**

- Academic performance will be evaluated at the end of each semester. Students whose GPA's are below 3.0 will be placed on **probation** for the upcoming semester.
- Scholars whose GPA's are below 3.0 need to meet with Dr. Erdal and fill out the ***Student Academic Support Plan*** for the following semester.

❖ **Remaining in an approved STEM major/ progress toward major**

- Each semester COF scholars need to take classes toward their major.
- Remain in an approved STEM major:
ESI-Science scholars: Biology, Chemistry, Biochemistry
ESI-Engineering scholars: Mechanical Engineering, Materials Engineering, Chemical Engineering, Environmental Engineering, Biomedical Engineering.

❖ **Positive performance in the COF Program**

- Complete your service/outreach hrs in the program(45hrs/semester)
- Attend required meetings
- Sign COF contract
- Complete surveys

****These scholarships are distributed on the condition of continued support of the COF Scholarship program by the *Ohio Department of Higher Education*.**
